Breeding Codes

OBSERVED:

X - Species observed in its breeding season (no evidence of breeding)

POSSIBLE:

H - Species observed in breeding season in suitable nesting habitat
 S - Singing male present or breeding calls heard in breeding season in suitable nesting habitat

PROBABLE:

P - Pair observed in their breeding season in suitable nesting habitat
 T - Permanent territory presumed through registration of territorial song or presence of adult bird in breeding habitat on at least 2 days, one week or more apart at the same place.
 D - Courtship or display between a male and a female or 2 males including courtship feeding or copulation

V - Visiting probable nest site

A - Agitated behaviour or anxiety calls of an adult

B - Brood Patch on adult female or cloacal protuberance on adult male

N - Nest building or excavation of nest hole

CONFIRMED:

DD - Distraction display or injury feigning
 NU - Used nest or egg shell found (occupied/laid during atlas period)

FY - Recently fledged young or downy young

AE - Adults leaving or entering nest site in circumstances indicating occupied nest

FS - Adult carrying faecal sac

CF - Adult carrying food for young

NE - Nest containing eggs

NY - Nest with young seen or heard

Ontario Breeding Bird Atlas Rare/Colonial Species Form

Please complete one form for each rare or colonial species in each square

Species Name	Species Code	Zone	Block	Square	Region	Year
						2 0 0

Atlasser Number	Atlasser Name	Additional Observers	Atlasser Number (if known)

Observation Details

- NAD83 GPS
 NAD27 Map

Site #*	Mon	Day	UTM Easting	UTM Northing	Breeding Evidence	Rare Species		Colonial Species	
						# of Adults	# Active Nests/Pairs	Total # Nests	

Species Description (for Rare Species only)

Distance from Bird(s): _____ Optical Equipment: _____

Observer Experience (in general and with this species): _____

DESCRIPTION: Please provide detailed account of circumstances surrounding these observations. Include a description of size, shape, colour pattern, song, call notes, behaviour and other diagnostic characters of species. Indicate only what was actually observed, and how similar species were eliminated. Include field sketches, copies of field notes, and photos, if available.

* Site #: Use the same number for all observations that refer to the same pair, colony or group of birds in the same general location.

Site Description

Description of Habitat: _____

Description of how to access the site(s): _____

SKETCH MAP OF LOCATION (to assist in relocating breeding territory/colony). For multiple breeding sites or colonies, sketch each location separately in space provided or on a separate sheet.

Additional Comments (e.g. land ownership, nest contents)

J			:									
K			:									

Location Letter	Species Code	---First Observed---			-Distance-			
		2 Min Silence	During Playback	After Survey*	Direction	<100	>100	(m)

Additional Owls
 Use these lines if you have more than 4 owls at any of the 10 locations -- please indicate which location using the letter.

Direction: N - North; NE - North-east; E - East; SE - South-east; S - South; SW - South-west; W - West; NW - North-west.

- Species Codes:**
- | | |
|---------------------------|-----------------------------|
| BARR- Barred Owl | GHOW- Great Horned Owl |
| BNOW- Barn Owl | LEOW- Long-eared Owl |
| BOOW- Boreal Owl | NHOW- Northern Hawk Owl |
| EASO- Eastern Screech-Owl | NSWO- Northern Saw-whet Owl |
| GGOW- Great Gray Owl | SEOW- Short-eared Owl |

- Noise:** Record number 1 to 4 based on the following scale:
1. None or Slight: relatively quiet, little interference.
 2. Moderate: some interference with broadcast and/or listening.
 3. High: substantial interference with broadcast and/or listening.
 4. Excessive: extreme interference with broadcast and/or listening.
